

Professional Statement

My name is Uchegbu Ngozi Mary, and I am a finance professional with experience in administration, business operations, and accounting who is transitioning into Cybersecurity. Throughout my career, I have developed strong analytical thinking, attention to detail, problem-solving skills, and the ability to manage sensitive information with accuracy, integrity, and confidentiality. I value continuous learning, ethical responsibility, and protecting people, organizations, and their digital assets.

I am highly technology oriented and passionate about Cybersecurity. I enjoy learning emerging technologies, solving complex problems, and continuously expanding my technical expertise. My goal is to apply my analytical skills and Cybersecurity knowledge to help organizations identify and mitigate security risks, protect systems and sensitive information from cyber threats and vulnerabilities, support secure business operations, and strengthen their overall security posture. I am committed to continuous professional growth and look forward to contributing to resilient, secure, and trustworthy digital environments as a Cybersecurity Analyst.
