Security organization worksheet

Part 1: Describe your security interests
My main interests are raising security awareness, protecting sensitive information, and helping people understand cybersecurity threats. My other interests are: Incident response – learning how to respond to and manage security incidents. Network security – learning how to protect computer networks from attacks and unauthorized access.
Part 2: Identify three organizations and include their mission or objectives
● **Organization 1:** SANS Institute SANS provides cybersecurity training and education. Its goal is to help people learn how to identify and protect against security threats ● **Organization 2:** ISACA ISACA helps people improve their knowledge and skills in cybersecurity, IT, and risk management through training, certifications, and resources. ● **Organization 3:** (ISC)² (ISC)² supports cybersecurity professionals through education, training, and certifications. It helps people improve their cybersecurity skills.
Part 3: Write out which organization aligns with your interests and why
● **Organization 1:** SANS Institute SANS matches my interests because I want to learn more about cybersecurity and help people understand security threats. ● **Organization 2:** ISACA

ISACA is related to my interests because it provides cybersecurity education and helps people improve their skills.

- **Organization 3:** (ISC)²
  (ISC)² is useful because it provides training and education for people who want to build a career in cybersecurity.

- **Best choice for my professional interests:** SANS is the best match for my interests because I am interested in raising security awareness. I like that it focuses on cybersecurity education and helping people understand security.
